Equality Impact Assessment

The Equality Act 2010 (the Act) places a duty on all public authorities in the exercise of their functions to have regard to the need to eliminate discrimination, to advance equality of opportunity, and to foster good relationships between persons who have a “protected characteristic” and those who do not.

Equality Impact Assessment is the systematic analysis of a policy or policies, in order to identify the potential for an adverse impact on a particular group or community, in particular those with a protected characteristic.

“Protected characteristics” are defined by the Act as age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex, and sexual orientation.

This document presents the outcome of the EQA of the draft Stowey Sutton Neighbourhood Plan.
